Cover pipe corner piece Special trim

Additional finished flue

For other modifications please ask to our technics.

Angle options

Options for frontal model

* Trim may slope in two directions and not match any of the examples. Please enquire about special cases.

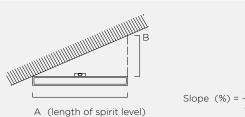

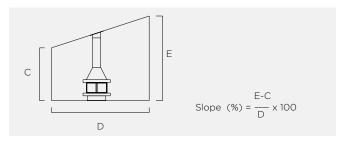

Measuring the pitch angle

Using spirit level

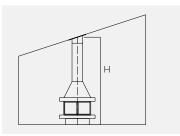

Slope (%) = $\frac{B}{A} \times 100$

Using a tape measure

Measuring the height

Frontal fireplace

Preferably measure the height of the midline of the freestanding stove, from floor to ceiling

Corner fireplace
